Faculty of Information Technology

**Phone:** 03 9905 2494 or 03 9905 5200

**Email:** [laura.rood@infotech.monash.edu.au](mailto:laura.rood@infotech.monash.edu.au)

If you are interested in an exciting career in business or information technology, one of the four Faculty of Information Technology degrees may be the degree for you.

The four degrees (Business Information Systems, Information Technology and Systems Computer Science and Software Engineering) are offered in partnership with major companies and leading consultancies.

This partnership ensures the degrees remain relevant and provides full-time placements in industry as well as the associated scholarships.

In addition to industry based learning scholarships, there are academic scholarships available to students, admitted to the degrees, who achieve an ENTER of 97 and above.

**Industry based learning graduates are snapped up every year by our industry partners and other leading companies.**

**Come to our information evening and meet some of our industry partners, past and present students, and staff from the Faculty of Information Technology.**
