

## **Action Items from Student/Staff Meeting No. 3**

### ***FIT1005/FIT2008/BUS3150 (Carlo Kopp)***

#### **1. ACTION: Carlo to negotiate tutorial attendance hurdle.**

The tutorial hurdle was agreed on by teaching staff across all campuses for FIT1005/FIT2008/BUS3150.

Some students opted to interpret the hurdle attendance differently to the manner intended.

Tutors were given permission to allow students to finish early with no attendance penalty if they are satisfied that all work has been completed properly.

Some students interpreted this differently and insisted on not leaving the tutorial room until all time had elapsed despite all work being completed before that time.

### ***FIT2022 (John Hurst)***

#### **2. ACTION: Lecturer to have more text support on slides.**

Lecturer has switched to using slides from last year's textbook, which have more detail and has had no further complaints so far.

#### **3. ACTION: Ann Nicholson to discuss with course/unit leaders that FIT1008 should be a pre-requisite for FIT2014.**

In progress

### ***FIT1008/FIT1015 (Maria Garcia de la Banda)***

#### **4. ACTION: Maria will change the pairs situation for next semester.**

To be actioned in semester 1, 2008.

#### **5. ACTION: Check double degree students progression to identify any potential problems due to transition to new course/unit code.**

In progress – information to follow during the 2008 re-enrolment period.
