# FIT2076 Web-database interface - Semester 2, 2011

This unit provides students with the knowledge, understanding and skills required to develop an application system which uses a web interface to a back-end database. The unit assumes a sound basic knowledge of programming and database concepts and skills as developed in the introductory units in these areas (<u>FIT1002</u> and <u>FIT1004</u>). The emphasis in the unit is on mastery of the key concepts and the basic knowledge and skills required to build this kind of application. The unit will provide students with an awareness of the wide range of technologies which are used to support this kind of application, but will examine only a limited number of these technologies to demonstrate the key concepts and their application.

The unit will take a strongly practical focus in examining the technology issues involved, and highlight the key issues which a developer needs to address in developing applications of this kind for real-world systems.

# Mode of Delivery

Caulfield (Day)

## **Contact Hours**

2 hrs lectures/wk, 2 hrs laboratories/wk

## Workload

Lectures: 2 hours per week Tutorials/Lab Sessions: 2 hours per week per tutorial and up to an additional 8 hours in some weeks for completing lab and project work, private study and revision.

## **Unit Relationships**

### **Prohibitions**

FIT2028, FIT2029, FIT3043, FIT3057

### **Prerequisites**

FIT1002 and either FIT1004 or FIT2010

## **Chief Examiner**

Ms Janet Fraser

FIT2076 Web-database interface - Semester 2, 2011

# **Campus Lecturer**

## Caulfield

Janet Fraser

# Tutors

## Caulfield

Matthew Kairys

Mihir Mone

Vedran Askraba

# **Academic Overview**

## **Learning Objectives**

At the completion of this unit, students will be able to:

- understand the need and importance for system developers to have skills in this area of IT applications;
- know the key basic technologies which underlie the development of web-database applications;
- understand the key technological issues confronting developers building applications of this type;
- know the key features of programming languages which are commonly used for developing web-database application;
- develop a typical web-database interface using a well-known programming language.

## **Graduate Attributes**

Monash prepares its graduates to be:

- 1. responsible and effective global citizens who:
- a. engage in an internationalised world
- b. exhibit cross-cultural competence
- c. demonstrate ethical values

critical and creative scholars who:

- a. produce innovative solutions to problems
- b. apply research skills to a range of challenges
- c. communicate perceptively and effectively

## **Assessment Summary**

Examination (3 hours): 50%; In-semester assessment: 50%

Assessment Task	Value	Due Date
Assignment 1 - PHP	25%	Friday 2 September 2011 at 2pm
Assignment 2 - ASP.NET	25%	Friday 21 October 2011 at 2pm
Examination 1	50%	To be advised

# **Teaching Approach**

### Lecture and tutorials or problem classes

This teaching and learning approach provides facilitated learning, practical exploration and peer learning.

## Feedback

## Our feedback to You

Types of feedback you can expect to receive in this unit are:

- Informal feedback on progress in labs/tutes
- Graded assignments without comments

## Your feedback to Us

Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through SETU, Student Evaluation of Teacher and Unit. The University's student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash's educational strategy, and on student evaluations, see: <u>http://www.monash.edu.au/about/monash-directions/directions.html</u> <u>http://www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html</u>

# **Previous Student Evaluations of this unit**

If you wish to view how previous students rated this unit, please go to <u>https://emuapps.monash.edu.au/unitevaluations/index.jsp</u>

# **Examination material or equipment**

Refer to http://walkabout.infotech.monash.edu.au/walkabout/fit2076

Details will made available during semester. Please confirm with Lecturer.

# **Unit Schedule**

Week	Activities	Assessment
0		No formal assessment or activities are undertaken in week 0
1	Web database concepts, web database technologies, web services, virtual directories. History of PHP, installing PHP, PHP and IIS, PHP and Apache, PHP configuration	
2	Data types and operators, language constructs. Installing Oracle, installing SQL developer, creating and populating a database table, using PHP to connect to Oracle	
3	Using PHP to connect to MySQL. Data Access Layer concepts, using PHP Data Objects	
4	Use of HTML forms. Executing SQL Inserts, Updates and Deletes with PHP and Oracle. Dropdown lists, multiple check boxes and text boxes.	
5	Accessing the Web Server File System. File uploads.	
6	Introduction to ASP.NET, software requirements, ASP.NET installation, Visual Studio, web.config file. HTML form limitations, ASP.NET Server Controls, event driven programming and Postback, MS Online documentation	Assignment 1 due Friday 2 September 2011 at 2pm
7	C# data types, operators and language constructs	
8	DataSource controls - Oracle, MySQL and MS Access	
9	Data controls, using DataSource controls to manipulate data, GridView paging and sorting	
10	Master Pages and Skins	
11	Validation, Navigation and Login Controls	
12	Accessing the Web Server File System	Assignment 2 due Friday 21 October 2011 at 2pm
	SWOT VAC	No formal assessment is undertaken SWOT VAC
	Examination period	LINK to Assessment Policy: http://policy.monash.edu.au/policy-bank/ academic/education/assessment/ assessment-in-coursework-policy.html

\*Unit Schedule details will be maintained and communicated to you via your MUSO (Blackboard or Moodle) learning system.

# **Assessment Requirements**

### **Assessment Policy**

To pass a unit which includes an examination as part of the assessment a student must obtain:

- 40% or more in the unit's examination, and
- 40% or more in the unit's total non-examination assessment, and
- an overall unit mark of 50% or more.

If a student does not achieve 40% or more in the unit examination or the unit non-examination total assessment, and the total mark for the unit is greater than 50% then a mark of no greater than 49-N will be recorded for the unit

### **Assessment Tasks**

### **Participation**

#### Assessment task 1

Title:

Assignment 1 - PHP

#### **Description:**

PHP web site that enables administration of Real Estate database.

Weighting:

#### 25%

#### Criteria for assessment:

Quality of completed work.

Confirm with Lecturer about specific location of marking guide available at http://walkabout.infotech.monash.edu.au/walkabout/fit2076

#### Due date:

Friday 2 September 2011 at 2pm

#### Assessment task 2

Title:

Assignment 2 - ASP.NET

#### **Description:**

ASP.NET web site that enables users to search for Real Estate properties.

Weighting:

### 25%

### Criteria for assessment:

Quality of completed work.

Confirm with Lecturer about specific location of marking guide available at http://walkabout.infotech.monash.edu.au/walkabout/fit2076

#### Due date:

Friday 21 October 2011 at 2pm

Assessment Requirements

## **Examinations**

• Examination 1

Weighting: 50% Length: 3 hours Type (open/closed book): Closed book Electronic devices allowed in the exam: None

## Assignment submission

It is a University requirement

(http://www.policy.monash.edu/policy-bank/academic/education/conduct/plagiarism-procedures.html) for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at <a href="http://www.infotech.monash.edu.au/resources/student/forms/">http://www.infotech.monash.edu.au/resources/student/forms/</a>. Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an online quiz).

# **Extensions and penalties**

Submission must be made by the due date otherwise penalties will be enforced.

You must negotiate any extensions formally with your campus unit leader via the in-semester special consideration process:

http://www.infotech.monash.edu.au/resources/student/equity/special-consideration.html.

## **Returning assignments**

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later

# **Resubmission of assignments**

Resubmission of assignments is not allowed

# **Other Information**

# Policies

Monash has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University's academic standards, and to provide advice on how they might uphold them. You can find Monash's Education Policies at: http://policy.monash.edu.au/policy-bank/academic/education/index.html

Key educational policies include:

- Plagiarism (http://www.policy.monash.edu/policy-bank/academic/education/conduct/plagiarism-policy.html)
- Assessment (<u>http://www.policy.monash.edu/policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment/assessment-in-coursework-policy-bank/academic/education/assessment-in-coursework</u>
- Special Consideration
   (<u>http://www.policy.monash.edu/policy-bank/academic/education/assessment/special-consideration-policy.h</u>
   Grading Scale
- (<u>http://www.policy.monash.edu/policy-bank/academic/education/assessment/grading-scale-policy.html</u>) • Discipline: Student Policy
- (http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-discipline-policy.html)
- Academic Calendar and Semesters (<u>http://www.monash.edu.au/students/key-dates/</u>);
- Orientation and Transition (<u>http://www.infotech.monash.edu.au/resources/student/orientation/</u>); and
- Academic and Administrative Complaints and Grievances Policy
   (<u>http://www.policy.monash.edu/policy-bank/academic/education/management/complaints-grievance-policy</u>
- Codes of Practice for Teaching and Learning (http://www.policy.monash.edu.au/policy-bank/academic/education/conduct/suppdocs/code-of-practice-tea

# **Student services**

The University provides many different kinds of support services for you. Contact your tutor if you need advice and see the range of services available at <u>www.monash.edu.au/students</u> The Monash University Library provides a range of services and resources that enable you to save time and be more effective in your learning and research. Go to <u>http://www.lib.monash.edu.au</u> or the library tab in my.monash portal for more information. Students who have a disability or medical condition are welcome to contact the Disability Liaison Unit to discuss academic support services. Disability Liaison Officers (DLOs) visit all Victorian campuses on a regular basis

- Website: http://adm.monash.edu/sss/equity-diversity/disability-liaison/index.html;
- Telephone: 03 9905 5704 to book an appointment with a DLO;
- Email: dlu@monash.edu
- Drop In: Equity and Diversity Centre, Level 1 Gallery Building (Building 55), Monash University, Clayton Campus.
