FIT5182 Decision support systems research internship - Semester 1, 2012

This unit adds to previous study in the key business intelligence/decision support systems graduate units and provides an avenue for high-performing students to experience research as an intern working with DSS researchers on a major project. Each intern will have a negotiated work and assessment schedule. Admission to the internship requires excellence in the prerequisite units and a satisfactory interview with the relevant project researchers.

Mode of Delivery

Caulfield (Day)

Contact Hours

Interns are expected to spend 24 hours per week on FIT5182. They are required to attend seminars, workshops, and meetings related to DSS research during their internship.

Workload

Interns are expected to spend 24 hours per week on their research internship.

Unit Relationships

Prohibitions

FIT5098

Prerequisites

FIT5093, FIT5094 and FIT5095

Students must achieve a high distinction grade in each of these units. Selection for students who meet this requirement is based on a final interview.

Academic Overview

Outcomes

At the completion of this unit students will:

- have developed capabilities to undertake research in the decision support systems field;
- have learned a particular research method and gained mastery of the application of some aspect of the method;
- be able to communicate their role and contribution to a DSS research project.

Graduate Attributes

Monash prepares its graduates to be:

1. responsible and effective global citizens who:
   a. engage in an internationalised world
   b. exhibit cross-cultural competence
   c. demonstrate ethical values

2. critical and creative scholars who:
   a. produce innovative solutions to problems
   b. apply research skills to a range of challenges
   c. communicate perceptively and effectively

Teaching Approach

Research activities

This research learning approach enables students to experience research as an intern

Feedback

Our feedback to You

Types of feedback you can expect to receive in this unit are:
• Other: Regular meetings between interns and DSS Lab researchers. Detailed feedback on the research tasks completed

Your feedback to Us

Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through SETU, Student Evaluation of Teacher and Unit. The University's student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash's educational strategy, and on student evaluations, see:
http://www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html

Assessment Tasks

Participation

• Assessment task 1

  Title: Internship

  Description: For each intern an individual assessment schedule and marking guide will be prepared and submitted to the Graduate Programs Committee for approval.

  Weighting: 100%

  Criteria for assessment: Assessment criteria will be determined individually.

  Due date: Due date will be determined individually by the Graduate Programs Committee.

Examinations

Assignment submission

It is a University requirement (http://www.policy.monash.edu/policy-bank/academic/education/conduct/plagiarism-procedures.html) for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at http://www.infotech.monash.edu.au/resources/student/forms/. Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an online quiz).

Online submission

If Electronic Submission has been approved for your unit, please submit your work via the VLE site for this unit, which you can access via links in the my.monash portal.

Extensions and penalties

Submission must be made by the due date otherwise penalties will be enforced.

You must negotiate any extensions formally with your campus unit leader via the in-semester special consideration process:
Assessment Requirements

Returning assignments

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later.
