FIT1013 IT for business - Semester 2, 2012

Introduction to business application tools and introduction to basic computing concepts. Principles of spreadsheets and relational databases, covering their use for the generation of business plans, reports, financial statements, etc. Both the spreadsheet and database components incorporate an introduction to programming with visual basic for applications (VBA). The database component covers principles of database design. The business application software packages used in the unit are Microsoft Excel and Microsoft Access.

Mode of Delivery

Clayton (Day)

Contact Hours

2 hrs lectures/wk, 2 hrs laboratories/wk

Workload

Students will be expected to spend a total of 12 hours per week during semester on this unit as follows:

Weekly workload commitments are:

- two-hour lecture
- two-hour laboratory
- a minimum of 2-3 hours of personal study per one hour of contact time in order to satisfy the reading and assignment expectations.

Unit Relationships

Prohibitions

BUS1010, CSE1720, GCO1851, MMS1401

Chief Examiner

Dr Yen Cheung

Campus Lecturer

Clayton

Yen Cheung
Tutors

Clayton

Mary Lim

Peter Huynh
Academic Overview

Outcomes

At the completion of this unit, students will have:

- A sound knowledge of spreadsheet applications which will provide an understanding of business spreadsheet modelling for analysis, reporting and presentation of organisational data;
- learnt to construct applications using VBA as the language for enhancing the appearance and useability of spreadsheet and database systems;
- a knowledge of the use of relational databases for analysis, reporting and presentation of organisational information;
- an appreciation that a knowledge of programming can be used to enhance the utility of office productivity software packages.

Graduate Attributes

Monash prepares its graduates to be:

1. responsible and effective global citizens who:
   a. engage in an internationalised world
   b. exhibit cross-cultural competence
   c. demonstrate ethical values

critical and creative scholars who:

   a. produce innovative solutions to problems
   b. apply research skills to a range of challenges
   c. communicate perceptively and effectively

Assessment Summary

Examination (2 hours): 60%; In-semester assessment: 40%

Teaching Approach

Lecture and tutorials or problem classes

This teaching and learning approach provides facilitated learning, practical exploration and peer learning.

Feedback

Our feedback to You

Types of feedback you can expect to receive in this unit are:

- Informal feedback on progress in labs/tutes
- Graded assignments with comments
- Test results and feedback
- Solutions to tutes, labs and assignments

Your feedback to Us

Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through SETU, Student Evaluation of Teacher and Unit. The University's student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash's educational strategy, and on student evaluations, see:
http://www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html

Previous Student Evaluations of this unit

Previous student feedback has highlighted that this is a very useful unit especially for the IBL students of the Faculty.

If you wish to view how previous students rated this unit, please go to

Assessment Requirements

Assessment Policy

Faculty Policy - Unit Assessment Hurdles

Academic Integrity - Please see the Demystifying Citing and Referencing tutorial at http://lib.monash.edu/tutorials/citing/

Assessment Tasks

Participation

• Assessment task 1

  Title: Assignment 1
  Description: Data analysis using PivotTables.
  Weighting: 5%
  Criteria for assessment: The assessment for this assignment will be based on your ability to:
    ♦ Analyse a structured range of data using a PivotTable to analyse the data.
    ♦ Use the analysis to provide a summary report of recommendations.
    ♦ Use a PivotChart to substantiate the analysis and recommendations.
  Due date: 11pm, 17 August 2012

• Assessment task 2

  Title: Assignment 2
  Description: Creating an application using Excel visual basic for applications.
  Weighting: 15%
  Criteria for assessment: The assessment criteria will be based your ability to perform the following tasks:
    ♦ Write Macros (sub procedures) using VBA in Microsoft Excel
    ♦ Use appropriate data types, to declare and use variables and/or constants
    ♦ Use the Workbook, Worksheet and Range objects
    ♦ Write event procedures for some Excel and VBA objects.
    ♦ Use other objects as necessary
    ♦ Use repetition and selection structures in VBA code
    ♦ Perform data validation on user input
    ♦ Use the Vlookup() worksheet function in VBA code
    ♦ Construct arithmetic expressions in VBA code.
    ♦ Follow appropriate rules relating to the scope of variables
Design user forms, using a variety of common graphic-controls (graphic-objects)

**Due date:**
11pm, 5 October 2012

**Assessment task 3**

**Title:**
Class Test

**Description:**
The test will be based on materials from weeks 1-7 inclusive

**Weighting:**
10%

**Criteria for assessment:**
Students will be required to demonstrate a thorough understanding of the materials presented in lectures and tutorials from weeks 1 to 7 inclusive.

**Due date:**
Week 8 lecture, 2pm, 12 September 2012

**Assessment task 4**

**Title:**
Tutorial tasks

**Description:**
These should be completed each week during tutorial time.

Week 1: tasks involving introductory concepts based on the first 2 chapters of the Excel text.

Week 2 onwards: tasks will be given during tutorial classes based on lectures from the previous week - see unit outline.

**Weighting:**
A maximum of 10% is awarded for the 12 weekly tutorials.

**Criteria for assessment:**

**Due date:**
During the relevant tutorial

**Examinations**

**Examination 1**

**Weighting:**
60%

**Length:**
2 hours

**Type (open/closed book):**
Closed book

**Electronic devices allowed in the exam:**
None
Assignment submission

It is a University requirement (http://www.policy.monash.edu/policy-bank/academic/education/conduct/plagiarism-procedures.html) for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at http://www.infotech.monash.edu.au/resources/student/forms/. Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an online quiz).

Online submission

If Electronic Submission has been approved for your unit, please submit your work via the VLE site for this unit, which you can access via links in the my.monash portal.

Extensions and penalties

Submission must be made by the due date otherwise penalties will be enforced.

Returning assignments

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later.
Other Information

Policies

Monash has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University’s academic standards, and to provide advice on how they might uphold them. You can find Monash’s Education Policies at: http://policy.monash.edu.au/policy-bank/academic/education/index.html

Key educational policies include:

- Plagiarism (http://www.policy.monash.edu/policy-bank/academic/education/conduct/plagiarism-policy.html)
- Special Consideration (http://www.policy.monash.edu/policy-bank/academic/education/assessment/special-consideration-policy.html)
- Grading Scale (http://www.policy.monash.edu/policy-bank/academic/education/assessment/grading-scale-policy.html)
- Discipline: Student Policy (http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-discipline-policy.html)
- Academic Calendar and Semesters (http://www.monash.edu.au/students/key-dates/)
- Orientation and Transition (http://www.infotech.monash.edu.au/resources/student/orientation/)
- and
- Codes of Practice for Teaching and Learning (http://www.policy.monash.edu/policy-bank/academic/education/conduct/suppdocs/code-of-practice-teaching-and-learning.html)

Student services

The University provides many different kinds of support services for you. Contact your tutor if you need advice and see the range of services available at www.monash.edu.au/students. For Sunway see http://www.monash.edu.my/Student-services, and for South Africa see http://www.monash.ac.za/current/

The Monash University Library provides a range of services and resources that enable you to save time and be more effective in your learning and research. Go to http://www.lib.monash.edu.au or the library tab in my.monash portal for more information. At Sunway, visit the Library and Learning Commons at http://www.lib.monash.edu.my/. At South Africa visit http://www.lib.monash.ac.za/.

Academic support services may be available for students who have a disability or medical condition. Registration with the Disability Liaison Unit is required. Further information is available as follows:

- Website: http://monash.edu/equity-diversity/disability/index.html
- Email: dlu@monash.edu
- Drop In: Equity and Diversity Centre, Level 1 Gallery Building (Building 55), Monash University, Clayton Campus, or Student Community Services Department, Level 2, Building 2, Monash University, Sunway Campus
- Telephone: 03 9905 5704, or contact the Student Advisor, Student Community Services at 03 55146018 at Sunway
