FIT1012 Website authoring - Semester 2, 2013

This unit will develop the basic concepts of website authoring, from design to implementation. Students will develop skills in creating digital content which is authored to deal with the particular issues of web publishing. The unit will examine HTML/XHTML, Cascading Style Sheets (CSS), the W3C Document Object Model (DOM) and JavaScript as the fundamental website authoring suite. Also skills for incorporating images, audio and video into websites will be covered. In addition HTML embedded script languages, will be used to create dynamic database driven content. The unit will also introduce wider W3C standards, web usability and web design specification.

Mode of Delivery

Caulfield (Day)

Contact Hours

2 hrs lectures/wk, 2 hrs laboratories/wk

Workload requirements

Students will be expected to spend a total of 12 hours per week during semester on this unit as follows:

- a 2-hour lecture
- a 2-hour tutorial
- a recommended minimum of 8 hours of private study per week

Unit Relationships

Prohibitions

CPE1003, MMS1402, MMS9401

Chief Examiner

Mr Lindsay Smith (Semester 1)

Dr Kirsten Ellis (Semester 2)

Campus Lecturer

Caulfield

Dr Kirsten Ellis

Tutors

Caulfield

William Lay

Ruben Hopmans

Academic Overview

Learning Outcomes

At the completion of this unit students will:

- understand the characteristics of commercial web sites and the authoring/management issues associated with them including dealing with clients in a variety of situations encountered in the tendering/authoring process and addressing copyright;
- have knowledge of the features and applicability of a range of software tools which are used in the development of websites;
- understand internet standards and protocols, in particular the impact of World Wide Web Consortium (W3C) standards in this area;
- have an understanding of website usability issues;

be able to create and manipulate digital content for websites, including basic images, audio, video and animation;

- have the ability to code web pages using standard HTML/XHTML, Cascading Style Sheets (CSS), JavaScript and the DOM;
- be able to write HTML embedded script code to produce dynamic database driven web documents;
- have the skills to produce design specification documents applicable to a web site authoring task, and
- have developed the teamwork skills needed to work as a member of a project team.

Unit Schedule

Week	Activities	Assessment
0		No formal assessment or activities are undertaken in week 0
1	Unit Introduction & Key Concepts	
2	HTML & Web Standards	
3	CSS Formatting	Work Requirement 1 due Week 3
4	CSS Layout & Design	
5	Working with Colour, Images & Rich Media	Work Requirement 2 due Week 5
6	Using CSS3	Assignment 1: HTML/CSS Website due Week 6 (Friday 6pm)
7	Website Testing, Forms & JavaScript Basics	
8	Browser Scripting with JavaScript	
9	Document Object Model	Work Requirement 3 due Week 9
10	Introduction to jQuery	
11	Dynamic Pages with jQuery	Work Requirement 4 due Week 11
12	Search Engine Optimisation; Publishing & Web Hosting	Assignment 2: Group Project due Week 12 (Friday 6pm)
	SWOT VAC	No formal assessment is undertaken in SWOT VAC
	Examination period	LINK to Assessment Policy: http://policy.monash.edu.au/policy-bank/academic/education/assessment/assessment-in-coursework-policy.html

*Unit Schedule details will be maintained and communicated to you via your learning system.

Assessment Summary

Examination (3 hours): 40%; In-semester assessment: 60%

Assessment Task	Value	Due Date
Assignment 1: HTML/CSS Website	20%	Week 6 (Friday 6pm)
Assignment 2: Group Project	20%	Week 12 (Friday 6pm)
Work Requirements	20% (4 x 5%)	Weeks 3, 5, 9 and 11
Examination 1	40%	To be advised

Teaching Approach

Lecture and tutorials or problem classes

The teaching and learning approach provides facilitated learning, practical exploration and peer learning, equipping you with the ability to apply skills upon completion.

Assessment Requirements

Assessment Policy

Faculty Policy - Unit Assessment Hurdles

(<http://www.infotech.monash.edu.au/resources/staff/edgov/policies/assessment-examinations/unit-assessment-hu>)

Academic Integrity - Please see the Demystifying Citing and Referencing tutorial at

<http://lib.monash.edu/tutorials/citing/>

Assessment Tasks

Participation

Assignment 2 and Work Requirement 3 are conducted as group assessment tasks.

Due to the nature of group work in this subject, students are expected to attend at least 80% of classes.

• Assessment task 1

Title:

Assignment 1: HTML/CSS Website

Description:

A 5-page informational website designed to W3C standards. To be undertaken individually.

Weighting:

20%

Criteria for assessment:

Criteria for assessment

Site aims

- ◆ Site topic meets assignment criteria
- ◆ Definition of target audience
- ◆ Statement of site and user goals
- ◆ Suitability to target audience

Technical criteria

- ◆ Markup validation (XHTML 1.0 Strict)
- ◆ Appropriateness of markup structure
- ◆ Application of CSS
- ◆ Accessibility without CSS
- ◆ Adaptability to various screen sizes
- ◆ Cross-browser compatibility
- ◆ File naming and arrangement

Visual design

- ◆ Overall visual concept
- ◆ Branding (colours, logos, look & feel)
- ◆ Layout of page elements

Assessment Requirements

- ◆ Appropriate use of images in design
- ◆ Application of conventions and metaphors

Information architecture

- ◆ Overall site structure
- ◆ Clear content hierarchy
- ◆ Readability of content
- ◆ Accessibility of navigation

Due date:

Week 6 (Friday 6pm)

Remarks:

Submission by online upload.

• Assessment task 2

Title:

Assignment 2: Group Project

Description:

A website for a fictional company, using HTML, CSS and JavaScript to dynamically display product information. To be undertaken in groups of two students.

Weighting:

20%

Criteria for assessment:

The final mark you receive will consist of:

- ◆ An overall shared group mark (50%)
- ◆ An individual mark based on your assigned development roles (50%)

Content Structure

- ◆ Organisation of files
- ◆ Content and HTML structure
- ◆ Accessibility of content
- ◆ Accessibility of navigation
- ◆ Web browser compatibility

Graphic Design

- ◆ Branding and logo design
- ◆ Page layout design
- ◆ Application of CSS
- ◆ Application of typography
- ◆ Application of images

IT Management

- ◆ HTML validation to W3C standards
- ◆ Use of JavaScript to display products
- ◆ Use of JavaScript for user input validation
- ◆ Application of original JavaScript functionality
- ◆ Application of third-party JavaScript functionality

Due date:

Week 12 (Friday 6pm)

Assessment Requirements

Remarks:

Submission by online upload.

• Assessment task 3

Title:

Work Requirements

Description:

There will be 4 minor work requirement tasks, due at various times throughout the semester.

Weighting:

20% (4 x 5%)

Criteria for assessment:

Regular work requirement tasks will be used to test students' understanding of concepts throughout the semester:

- ◆ Correct application of semantic HTML structure
- ◆ Application of CSS and images
- ◆ Website planning documentation (group work - a shared group mark will be awarded for this requirement)
- ◆ Application of JavaScript functionality

Due date:

Weeks 3, 5, 9 and 11

Remarks:

Some tasks will be submitted by demonstration during tutorial sessions. Failure to demonstrate your work during the timetabled tutorial sessions may incur a penalty for late submission.

Examinations

• Examination 1

Weighting:

40%

Length:

3 hours

Type (open/closed book):

Closed book

Electronic devices allowed in the exam:

None

Learning resources

Monash Library Unit Reading List

<http://readinglists.lib.monash.edu/index.html>

Feedback to you

Types of feedback you can expect to receive in this unit are:

- Informal feedback on progress in labs/tutes
- Graded assignments with comments

- Other: Solutions to work requirement tasks

Extensions and penalties

Submission must be made by the due date otherwise penalties will be enforced.

You must negotiate any extensions formally with your campus unit leader via the in-semester special consideration process: <http://www.monash.edu.au/exams/special-consideration.html>

Returning assignments

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later.

Referencing requirements

For all assessment in this unit, any material that is not the student's own original work must be referenced. This includes (but is not limited to) use of the following:

- Text content
- Image, audio, video or other rich-media content
- Scripting code and document markup
- Template resources for content, code or other media

Assignment submission

It is a University requirement

(<http://www.policy.monash.edu/policy-bank/academic/education/conduct/plagiarism-procedures.html>) for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at <http://www.infotech.monash.edu.au/resources/student/forms/>. Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an online quiz). Please note that it is your responsibility to retain copies of your assessments.

Online submission

If Electronic Submission has been approved for your unit, please submit your work via the learning system for this unit, which you can access via links in the my.monash portal.

Required Resources

Please check with your lecturer before purchasing any Required Resources. Limited copies of prescribed texts are available for you to borrow in the library, and prescribed software is available in student labs.

The unit covers the following software:

- Adobe Dreamweaver CS5-CS6/Creative Cloud
- Adobe Photoshop CS5-CS6/Creative Cloud

Assessment Requirements

All software will be provided in computer laboratories (if you wish to have after-hours access, this can be arranged with ITS). Alternatively, students may use their own computer with their own copies of the software installed.

Software may be:

- Purchased at academic price at good software retailers
- Trial versions of software are available from publishers' websites

Policies

Monash has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University's academic standards, and to provide advice on how they might uphold them. You can find Monash's Education Policies at:

www.policy.monash.edu.au/policy-bank/academic/education/index.html

Key educational policies include:

- Academic integrity;
<http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-academic-integrity-policy.html>
- Assessment in Coursework Programs;
<http://www.policy.monash.edu/policy-bank/academic/education/assessment/assessment-in-coursework-policy.html>
- Special Consideration;
<http://www.policy.monash.edu/policy-bank/academic/education/assessment/special-consideration-policy.html>
- Grading Scale;
<http://www.policy.monash.edu/policy-bank/academic/education/assessment/grading-scale-policy.html>
- Discipline: Student Policy;
<http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-discipline-policy.html>
- Academic Calendar and Semesters; <http://www.monash.edu.au/students/dates/>
- Orientation and Transition; <http://intranet.monash.edu.au/infotech/resources/students/orientation/>

Graduate Attributes Policy

<http://www.policy.monash.edu/policy-bank/academic/education/management/monash-graduate-attributes-policy.html>

Student services

The University provides many different kinds of support services for you. Contact your tutor if you need advice and see the range of services available at <http://www.monash.edu.au/students>. For Sunway see <http://www.monash.edu.my/Student-services>, and for South Africa see <http://www.monash.ac.za/current/>.

Monash University Library

The Monash University Library provides a range of services, resources and programs that enable you to save time and be more effective in your learning and research. Go to www.lib.monash.edu.au or the library tab in [my.monash](#) portal for more information. At Sunway, visit the Library and Learning Commons at <http://www.lib.monash.edu.my/>. At South Africa visit <http://www.lib.monash.ac.za/>.

Disability Liaison Unit

Students who have a disability or medical condition are welcome to contact the Disability Liaison Unit to discuss academic support services. Disability Liaison Officers (DLOs) visit all Victorian campuses on a regular basis.

Website: <http://www.monash.edu/equity-diversity/disability/index.html> Telephone: 03 9905 5704 to book an appointment with a DLO; or contact the Student Advisor, Student Community Services at 03 55146018 at Sunway Email: dlu@monash.edu Drop In: Equity and Diversity Centre, Level 1, Building 55, Clayton Campus, or Student Community Services Department, Level 2, Building 2, Monash University, Sunway Campus

Your feedback to Us

Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through the Student Evaluation of Teaching and Units (SETU) survey. The University's student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash's educational strategy, see:

www.monash.edu.au/about/monash-directions and on student evaluations, see: www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html

Previous Student Evaluations of this Unit

Previous feedback has highlighted the following strengths in this unit:

- A broad range of practical techniques are covered
- Opportunity for creative application of skills

As a result of student feedback and unit review, improvements have been made to this offering:

- More coverage of upcoming standards
- Adjustments to length of tutorial exercises
- Adjustments to assessment to focus more on correct application of HTML structure
- Adjustments to weighting of marks in group assessment
- Increased focus on encouraging good programming practices

If you wish to view how previous students rated this unit, please go to <https://emuapps.monash.edu.au/unitevaluations/index.jsp>
