FIT5046 Mobile and distributed computing systems - Semester 1, 2014

This unit provides a high level coverage of mobile and distributed computing. It will focus on the underlying concepts and standards of mobile computing and current technologies for mobile and distributed systems. It will discuss cellular networks, wireless networks and their standards and technologies, context-aware computing, location-awareness, wireless sensor networks, internet mobility, web services and service-oriented technology, cloud computing and current research trends and case studies.

Mode of Delivery

Caulfield (Day)

Workload Requirements

Minimum total expected workload equals 12 hours per week comprising:

(a.) Contact hours for on-campus students:

- Two hours of lectures
- One 2-hour laboratory

(b.) Additional requirements (all students):

- A minimum of 8 hours independent study per week for completing lab and project work, private study and revision.

Unit Relationships

Prohibitions

CSE5501

Prerequisites

((FIT5131 or FIT9017) and (FIT5134 or FIT9018) and (FIT5135 or FIT9020)) or equivalent

Recommended background in Java Programming

Chief Examiner

Dr Maria Indrawan-Santiago

Campus Lecturer
Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through the Student Evaluation of Teaching and Units (SETU) survey. The University’s student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash’s educational strategy, see:

www.monash.edu.au/about/monash-directions/ and on student evaluations, see:
www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html

Previous Student Evaluations of this Unit

The materials have been updated to reflect a strong relationship between lectures and tutorials. In past years (prior to 2011), the lectures and tutorials work were not well aligned.

Some changes to the materials were made in 2011 taking this feedback into consideration. Further changes include introducing another practical programming component well aligned with theory delivered in lectures around the area of mobile computing.

If you wish to view how previous students rated this unit, please go to
Academic Overview

Learning Outcomes

At the completion of this unit students will:

- identify and describe different approaches and methods for building distributed and mobile computing systems;
- evaluate several models and approaches and select suitable mobile computing solution to a particular case;
- propose and develop a mobile or distributed system that is appropriate to a problem domain;
- identify the current research directions in the field and their impacts.

Teaching Approach

Lecture and tutorials or problem classes

This teaching and learning approach provides facilitated learning, practical exploration and peer learning.

Assessment Tasks

Participation

• Assessment task 1
  
  **Title:**
  Assignment 1
  
  **Description:**
  Practical Assignment.
  
  This task will assess students' practical and programming skills in web services development, deployment and invocation.
  
  **Weighting:**
  20%
  
  **Criteria for assessment:**
  Individual assignment.
  
  Student work will be assessed based on:
  
  1. The level of accomplishment in each task.
  2. The degree the programs meet the specified requirements.
  3. How well the code is written and maintained.
  
  **Due date:**
  Week 5

• Assessment task 2
  
  **Title:**
  Assignment 2
  
  **Description:**
  Practical Assignment.
  
  This assignment requires students to work on software development on Android-based devices. The completed assignment needs to be demonstrated using an Android emulator.
  
  **Weighting:**
  30%
  
  **Criteria for assessment:**
  Individual assignment.
Student work will be assessed based on:

1. The level of accomplishment in each task.
2. The degree the programs meet the specified requirements.
3. How well the code is written and maintained.

**Due date:**
Week 8

× **Assessment task 3**

**Title:** Presentations  
**Description:** Research Paper Presentation  
**Weighting:** 10%  
**Criteria for assessment:** Group assignment (groups of 2 to 4).

Student work will be assessed based on:

1. How well the presentation is organised and content is summarised.
2. How well visual aids are used and presented to make the presentation more interesting.
3. Clarity of presentation.

The assignment has a group mark (50%) and an individual component (50%). More details will be provided during the semester.

**Due date:** Week 12

× **Assessment task 4**

**Title:** Research Paper Assignment  
**Description:** Research Paper that reviews and analyses state of the art studies in the mobile computing area.  
**Weighting:** 40%  
**Criteria for assessment:** Group assignment (groups of 2 to 4).

Student work will be assessed based on:

1. How well the related literature has been studied.
2. How well underlying problem has been addressed demonstrated in-depth research.
3. The appropriateness of the formatted report style.
4. The quality of the student's argument and use of critical thinking and analysis skills.
5. How well in-text citation and referencing are used.
The assignment has a group mark (50%) and an individual component (50%). More details will be provided during the semester.

Due date:
Week 14

Learning resources

Monash Library Unit Reading List (if applicable to the unit)

Faculty of Information Technology Style Guide

Feedback to you

Examination/other end-of-semester assessment feedback may take the form of feedback classes, provision of sample answers or other group feedback after official results have been published. Please check with your lecturer on the feedback provided and take advantage of this prior to requesting individual consultations with staff. If your unit has an examination, you may request to view your examination script booklet, see http://intranet.monash.edu.au/infotech/resources/students/procedures/request-to-view-exam-scripts.html

Types of feedback you can expect to receive in this unit are:

- Informal feedback on progress in labs/tutes
- Graded assignments with comments

Extensions and penalties

Submission must be made by the due date otherwise penalties will be enforced.

You must negotiate any extensions formally with your campus unit leader via the in-semester special consideration process: http://www.monash.edu.au/exams/special-consideration.html

Returning assignments

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later.

Assignment submission

It is a University requirement for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at http://www.infotech.monash.edu.au/resources/student/forms/. Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an online quiz). Please note that it is your responsibility to retain copies of your assessments.
Online submission

If Electronic Submission has been approved for your unit, please submit your work via the learning system for this unit, which you can access via links in the my.monash portal.

Other Information

Policies

Monash has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University’s academic standards, and to provide advice on how they might uphold them. You can find Monash’s Education Policies at:

Key educational policies include:

- Student Academic Integrity Policy and Student Academic Integrity: Managing Plagiarism and Collusion Procedures; http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-academic-integrity-policy.html
- Special Consideration; http://www.policy.monash.edu/policy-bank/academic/education/assessment/special-consideration-policy.html
- Grading Scale; http://www.policy.monash.edu/policy-bank/academic/education/assessment/grading-scale-policy.html
- Discipline: Student Policy; http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-discipline-policy.html
- Academic Calendar and Semesters; http://www.monash.edu.au/students/dates/
- Orientation and Transition; http://intranet.monash.edu.au/infotech/resources/students/orientation/

Faculty resources and policies

Important student resources including Faculty policies are located at http://intranet.monash.edu.au/infotech/resources/students/

Graduate Attributes Policy

http://www.policy.monash.edu/policy-bank/academic/education/management/monash-graduate-attributes-policy.html

Student Charter

Student services

The University provides many different kinds of support services for you. Contact your tutor if you need advice and see the range of services available at http://www.monash.edu.au/students. For Malaysia see http://www.monash.edu.my/Student-services, and for South Africa see http://www.monash.ac.za/current/.
Monash University Library

The Monash University Library provides a range of services, resources and programs that enable you to save time and be more effective in your learning and research. Go to www.lib.monash.edu.au or the library tab in my.monash portal for more information. At Malaysia, visit the Library and Learning Commons at http://www.lib.monash.edu.my/. At South Africa visit http://www.lib.monash.ac.za/.

Disability Liaison Unit

Students who have a disability or medical condition are welcome to contact the Disability Liaison Unit to discuss academic support services. Disability Liaison Officers (DLOs) visit all Victorian campuses on a regular basis.

- Website: http://www.monash.edu/equity-diversity/disability/index.html
- Telephone: 03 9905 5704 to book an appointment with a DLO; or contact the Student Advisor, Student Community Services at 03 55146018 at Malaysia
- Email: dlu@monash.edu
- Drop In: Equity and Diversity Centre, Level 1, Building 55, Clayton Campus, or Student Community Services Department, Level 2, Building 2, Monash University, Malaysia Campus
