FIT2082 Research project 2 - Semester 1, 2015

This unit builds upon FIT1041 and FIT2083 or FIT2084 and allows students to conduct an independent research project in an area of interest to the student with one of the Faculty's research groups.

At the start of the semester students will be assigned to one of the Faculty's research groups and assigned an academic supervisor and a research topic. Students may work individually or in groups, as determined by the supervisor of a particular topic. During the semester students will be required to participate in research group events including seminars and presentations.

Mode of Delivery

Clayton (Day)

Workload Requirements

Minimum total expected workload equals 12 hours per week comprising:

(a.) Contact hours for on-campus students:

• One 1-hour meeting with the project supervisor

(b.) Additional requirements (all students):

• As directed by project supervisor, the student may be required to attend seminars and other research group meetings and activities. The remainder of the time will be spent on individual study and completion of the project.

Julian Garcia
Your feedback to Us

Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through the Student Evaluation of Teaching and Units (SETU) survey. The University’s student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash’s educational strategy, see:

www.monash.edu.au/about/monash-directions/ and on student evaluations, see:
www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html
Academic Overview

Learning Outcomes

On successful completion of this unit, students should be able to:

• participate as a member of a research group;
• demonstrate how to conduct IT research;
• critically analyse and assess previous approaches to solve a particular research problem;
• formulate a research hypothesis and chose an appropriate methodology to evaluate that hypothesis;
• conduct the experiment and/or implementation in order to evaluate the hypothesis;
• demonstrate the ability to effectively communicate their research findings both orally and in writing.

**SWOT VAC** No formal assessment is undertaken during SWOT VAC

*Unit Schedule details will be maintained and communicated to you via your learning system.

## Teaching Approach

**Research activities**

Each student will conduct a small research project under supervision in one of the Faculty's research groups. This provides the student with hands on experience in how research is conducted and introduces them to the research that is taking place in the Faculty.

## Assessment Summary

In-semester assessment: 100%

Assessment Tasks

Participation

As directed by project supervisors the students may be required to attend research seminars or research group meetings. It is expected that they will meet with their supervisor(s) once a week to discuss project progress.

• Assessment task 1

  Title:
  Project Specification

  Description:
  Brief description of the research project including motivation, aims, intended methodology and proposed timeline.

  Weighting:
  10%

  Criteria for assessment:
  Correctness and completeness of the research project description. Quality of the written report. This will be marked by the project supervisor(s).

  Due date:
  Week 3, Friday 20 March 2015

  Remarks:
  The actual research project and choice of supervisor will be the result of a negotiation between the student and the Directors or nominees of the Research Group or Flagship the student has been assigned to. The project will be an individual project and might include developing software to help in research, designing and implementing a new algorithm, conducting usability studies or surveys, or undertaking a critical review of research on a particular topic.

• Assessment task 2

  Title:
  Project Presentation

  Description:
  Short oral presentation describing the project aims and the final outcomes. The presentation will be attended by other students and also the research supervisors.

  Weighting:
  10%

  Criteria for assessment:
  Quality and completeness of the presentation. Presentation delivery. It will be marked by the project supervisor(s).
Assessment Requirements

Due date:
Week 11, 18-22 May 2015

• Assessment task 3

Title:
Workbook
Description:
A notebook (or computer file) containing weekly entries describing what has been accomplished through the week.
Weighting:
10%
Criteria for assessment:
Completeness of workbook, including at least 10 weekly entries. It will be marked by the project supervisor(s).
Due date:
Week 12, Friday 29 May 2015

• Assessment task 4

Title:
Final Report and Project
Description:
Project deliverables and a written report describing the aims and outcomes of the project. If applicable it may also include demonstration of the project outcomes to the supervisor(s).
Weighting:
70%
Criteria for assessment:
60% of the mark will be based on the quality of the project outcomes. This will be marked on difficulty of the project, correctness and completeness of the solution, interpretation and analysis of the results as evidenced by the project report and project demonstrations. 10% of the mark will be based upon the quality of the written report: logical structure and completeness and quality of written English. It will be marked by the project supervisor(s).
Due date:
Week 12, Friday 29 May 2015

Feedback to you

Types of feedback you can expect to receive in this unit are:

• Other: Feedback on progress will be provided in the weekly meetings with project supervisor(s)
Assessment Requirements

**Extensions and penalties**

Submission must be made by the due date otherwise penalties will be enforced.

**Returning assignments**

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later.

**Assignment submission**

It is a University requirement ([http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-academic-integrity-managing-plagiarism-collusion-procedures.html](http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-academic-integrity-managing-plagiarism-collusion-procedures.html)) for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at [http://www.infotech.monash.edu.au/resources/student/forms/](http://www.infotech.monash.edu.au/resources/student/forms/). Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an electronic submission). Please note that it is your responsibility to retain copies of your assessments.

**Online submission**

If Electronic Submission has been approved for your unit, please submit your work via the learning system for this unit, which you can access via links in the my.monash portal.
Other Information

Policies

Monash has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University’s academic standards, and to provide advice on how they might uphold them. You can find Monash’s Education Policies at: www.policy.monash.edu.au/policy-bank/academic/education/index.html

Faculty resources and policies

Important student resources including Faculty policies are located at http://intranet.monash.edu.au/infotech/resources/students/

Graduate Attributes Policy

http://www.policy.monash.edu/policy-bank/academic/education/management/monash-graduate-attributes-policy.html

Student Charter

Student services

The University provides many different kinds of support services for you. Contact your tutor if you need advice and see the range of services available at http://www.monash.edu.au/students. For Malaysia see http://www.monash.edu.my/Student-services, and for South Africa see http://www.monash.ac.za/current/.

Monash University Library

The Monash University Library provides a range of services, resources and programs that enable you to save time and be more effective in your learning and research. Go to www.lib.monash.edu.au or the library tab in my.monash portal for more information. At Malaysia, visit the Library and Learning Commons at http://www.lib.monash.edu.my/. At South Africa visit http://www.lib.monash.ac.za/.

Disability Liaison Unit

Students who have a disability or medical condition are welcome to contact the Disability Liaison Unit to discuss academic support services. Disability Liaison Officers (DLOs) visit all Victorian campuses on a regular basis.

- Website: http://www.monash.edu/equity-diversity/disability/index.html
- Telephone: 03 9905 5704 to book an appointment with a DLO; or contact the Student Advisor, Student Community Services at 03 55146018 at Malaysia
- Email: dlu@monash.edu
- Drop In: Equity and Diversity Centre, Level 1, Building 55, Clayton Campus, or Student Community Services Department, Level 2, Building 2, Monash University, Malaysia Campus
