FIT1028 Business information technology and systems - Semester 2, 2015

This unit introduces students to the value of information within today's society and the critical role played by information technology to gather, generate, store, process and distribute information. The unit will familiarise students with hardware, operating systems, business-oriented software such as spreadsheets and databases, systems development, decision making, networks, communication, the Internet, e-commerce and recent developments in the World Wide Web. Students will be given the opportunity to develop their own information systems using common tools such as Microsoft Excel, Microsoft Access and Mashup editor tools.

**Mode of Delivery**

Berwick (Day)

**Workload Requirements**

Minimum total expected workload equals 12 hours per week comprising:

- Two hours of lectures
- One 2-hour laboratory
- A minimum of 8 hours independent study per week for completing lab and project work, private study and revision.

See also Unit timetable information

**Additional workload requirements**

The unit is an on-campus unit and as such is structured, taught and assessed on the assumption that ALL students who choose to enrol can, and will, attend ALL classes. Some assessment tasks for the unit require attendance at tutorial classes as part of the assessment criteria.

**Unit Relationships**

**Prohibitions**

BUS1010, CSE1200, CSE1720, COT1130, COT1720, IMS1000.

This unit is prohibited to all students enrolled in any degree of the Faculty of Information Technology, including double degrees in which this Faculty is a partner.

**Chief Examiner**

Dr Campbell Wilson
Campus Lecturer

Berwick

Lindsay Smith

Consultation hours: Monday 11am - 12noon

Your feedback to Us

Monash is committed to excellence in education and regularly seeks feedback from students, employers and staff. One of the key formal ways students have to provide feedback is through the Student Evaluation of Teaching and Units (SETU) survey. The University’s student evaluation policy requires that every unit is evaluated each year. Students are strongly encouraged to complete the surveys. The feedback is anonymous and provides the Faculty with evidence of aspects that students are satisfied and areas for improvement.

For more information on Monash’s educational strategy, see:

www.monash.edu.au/about/monash-directions/ and on student evaluations, see:
www.policy.monash.edu/policy-bank/academic/education/quality/student-evaluation-policy.html

Previous Student Evaluations of this Unit

Response to student feedback with respect to the online quizzes has resulted in a grade being assigned for completion of these quizzes, previously no marks were allocated.

If you wish to view how previous students rated this unit, please go to https://emuapps.monash.edu.au/unitevaluations/index.jsp
**Academic Overview**

**Learning Outcomes**

At the completion of this unit, students will have -Knowledge and understanding of:

- the value of information within today's society and the critical role played by information technology to gather, generate, store, process, store and distribute information;
- technology, software and hardware of computing and of the uses of computing in the business environment;
- the dimensions and scope of information technology;
- the change from an industrial to a knowledge driven society;
- the nature, role, technology and functions of various types of hardware and software which form a computer system including simple software tools to more advanced integrated systems such as CRM or Supply Chain Management.

Developed skills in:

- development of spreadsheet modelling.
- development of small database models.
- development of an information rich web application such as a mashup.

Developed attitudes that enable them to:

- appreciate the wide variety of skills required in analysis, design, implementation, maintenance and management of computer systems. A professional attitude to aspects of ethics and standards.

### Teaching Approach

**Lecture and tutorials or problem classes**

This teaching and learning approach helps students to initially encounter information at lectures, discuss and explore the information during tutorials, and practice in a hands-on lab environment.

### Assessment Summary

Examination (2 hours): 50%; Assignments: 50%

Academic Integrity - Please see resources and tutorials at
http://www.monash.edu/library/skills/resources/tutorials/academic-integrity/

Assessment Tasks

Participation

• Assessment task 1

Title: Assignment 1 - Information Technology Research Topic

Description: This is a written research paper on a specified topic. Details of the topic will be available on release of the assignment specification on Moodle.

Weighting: 15%

Criteria for assessment:
This assessment relates to the 1st, 3rd and 4th bullet points under the Unit Knowledge and Understanding Learning Outcomes.

Marking Criteria:

Completeness of the research (adequate coverage of the topic, findings and opinions expressed).

Quality of the research, including literature (references) used, critically and appropriately applied.

Written expression, style and appropriate overall structure (there should be a sound and logical flow and use of sub-headings where applicable).

Correct citation of references.

Further detailed information will be available in the task specification.

Due date:
Thursday 20th August 2015 at 10:00PM

• Assessment task 2

Title: Assignment 2 - Developing an Information System

Description: This assignment will require students to develop an information system using Google Resources. Details of the scenario, tasks and deliverables will be made available in the assignment specification.
Assessment Requirements

Weighting:
15%

Criteria for assessment:
This assessment relates to the 2nd and 5th bullet points under the Unit Knowledge and Understanding Learning Outcomes, the 1st and 3rd bullet points under the Developed Skills Learning Outcomes and the Developed Attitudes Learning Outcomes.

Marking Criteria:
Assessment will involve a compulsory interview with your tutor, in the tutorial in which you are officially enrolled, in the week following the assignment’s submission deadline.

The actual awarding of marks is dependent on your performance at the interview. At the interview you will be asked to demonstrate your submitted assignment. You can also expect to be asked to explain various aspects of your assignment.

Marks will not be awarded for any section of the assignment or its functionality that a student cannot explain or modify satisfactorily.

Students who do not attend an interview will receive zero marks for the assignment.

Further details will be outlined and discussed in the lecture and tutorials.

Due date:
Thursday 17th September 2015 at 10:00PM

• Assessment task 3

Title:
Assignment 3 - Developing a Data Management System

Description:
This assignment is based on the development of a small database using Microsoft Access. Details of the scenario, tasks and deliverables will be made available in the assignment specification.

Weighting:
15%

Criteria for assessment:
This assessment relates to the 2nd and 5th bullet points under the Unit Knowledge and Understanding Learning Outcomes, the 2nd bullet point under the Developed Skills Learning Outcomes and the Developed Attitudes Learning Outcomes.

Marking Criteria:
Assessment will involve a compulsory interview with your tutor, in the tutorial in which you are officially enrolled, in the same week as the assignment's submission deadline (week 12).

The actual awarding of marks is dependent on your performance at the interview. At the interview you will be asked to demonstrate your submitted assignment. You can also expect to be asked to explain various aspects of your assignment.

Marks will not be awarded for any section of the assignment or its functionality that a student cannot explain or modify satisfactorily.

Students who do not attend an interview will receive zero marks for the assignment.
Further details will be outlined and discussed in the lecture and tutorials.

**Due date:**
Monday 19th October 2015 at 10:00AM

**Assessment task 4**

**Title:** Moodle weekly Quizzes

**Description:** Students will be asked to complete online quizzes in Moodle based on the prescribed reading of the week.

**Weighting:** 5%

**Criteria for assessment:**
*This assessment relates to the full range of Unit Learning Outcomes.*

**Marking Criteria:**

The average marks across a number of quizzes from week 1 to week 12.

**Due date:**
Weekly. The exact due date will be announced as Moodle’s quiz notification.

**Examinations**

**Examination 1**

**Weighting:** 50%

**Length:**
2 hours

**Type (open/closed book):** Closed book

**Electronic devices allowed in the exam:**
None

**Learning resources**

Monash Library Unit Reading List (if applicable to the unit)
http://readinglists.lib.monash.edu/index.html

**Feedback to you**

Types of feedback you can expect to receive in this unit are:

- Informal feedback on progress in labs/tutes
- Graded assignments with comments
- Interviews
Assessment Requirements

Extensions and penalties

Submission must be made by the due date otherwise penalties will be enforced.

You must negotiate any extensions formally with your campus unit leader via the in-semester special consideration process: http://www.monash.edu.au/exams/special-consideration.html

Returning assignments

Students can expect assignments to be returned within two weeks of the submission date or after receipt, whichever is later.

Assignment submission

It is a University requirement (http://www.policy.monash.edu/policy-bank/academic/education/conduct/student-academic-integrity-managing-plagiarism-collusion-procedures.html) for students to submit an assignment coversheet for each assessment item. Faculty Assignment coversheets can be found at http://www.infotech.monash.edu.au/resources/student/forms/. Please check with your Lecturer on the submission method for your assignment coversheet (e.g. attach a file to the online assignment submission, hand-in a hard copy, or use an electronic submission). Please note that it is your responsibility to retain copies of your assessments.

Online submission

If Electronic Submission has been approved for your unit, please submit your work via the learning system for this unit, which you can access via links in the my.monash portal.

Required Resources

Please check with your lecturer before purchasing any Required Resources. Limited copies of prescribed texts are available for you to borrow in the library, and prescribed software is available in student labs.

You will need access to Microsoft Access. This applications is installed in the student labs.

The latest version of Microsoft Office 365 (which includes Access) is available to all Monash students free of charge on up to five personal devices.

Prescribed text(s)

Limited copies of prescribed texts are available for you to borrow in the library.

Other Information

Policies

Monash has educational policies, procedures and guidelines, which are designed to ensure that staff and students are aware of the University’s academic standards, and to provide advice on how they might uphold them. You can find Monash’s Education Policies at: www.policy.monash.edu.au/policy-bank/academic/education/index.html

Faculty resources and policies

Important student resources including Faculty policies are located at http://intranet.monash.edu.au/infotech/resources/students/

Graduate Attributes Policy

http://www.policy.monash.edu/policy-bank/academic/education/management/monash-graduate-attributes-policy.html

Student Charter

Student services

The University provides many different kinds of support services for you. Contact your tutor if you need advice and see the range of services available at http://www.monash.edu.au/students. For Malaysia see http://www.monash.edu.my/Student-services, and for South Africa see http://www.monash.ac.za/current/.

Monash University Library

The Monash University Library provides a range of services, resources and programs that enable you to save time and be more effective in your learning and research. Go to www.lib.monash.edu.au or the library tab in my.monash portal for more information. At Malaysia, visit the Library and Learning Commons at http://www.lib.monash.edu.my/. At South Africa visit http://www.lib.monash.ac.za/.

Disability Liaison Unit

Students who have a disability or medical condition are welcome to contact the Disability Liaison Unit to discuss academic support services. Disability Liaison Officers (DLOs) visit all Victorian campuses on a regular basis.

- Website: http://www.monash.edu/equity-diversity/disability/index.html
- Telephone: 03 9905 5704 to book an appointment with a DLO; or contact the Student Advisor, Student Community Services at 03 55146018 at Malaysia
- Email: dlu@monash.edu
- Drop In: Equity and Diversity Centre, Level 1, Building 55, Clayton Campus, or Student Community Services Department, Level 2, Building 2, Monash University, Malaysia Campus
